**1 BYOK Kayak plus**

**1 Personal Floatation Devise (PFD)**

Adjust the straps for a snug fit. A fitting vest at the shoulder should not glide above your head, otherwise use a crotch strap.

**1 Paddle**

Lightweight, 3-section paddle that can be dismantled. Short enough to be stored within the kayak.

**1 Paddle Leash**

The stretchable leash holds the paddle to the kayak so that you will not lose it in the waters.

**1 Spray Skirt/Cover**

Prevent excessive water from spraying into the Kayak. Necessary for some manoeuvres.

Learn the capsize drill and how to exit the kayak while under water. Watch the videos.
